

Burn Bright as Our Light

1. O while the sun's strong light grows faint,
your daughters and your sons sing praise.
O starlit night and endless day,
O sun of justice, enlighten our ways.
Welcome, O light of joy, radiance of God's loving face.
Burn bright as our light, Jesus the Christ.

2. Our ev'ning light, O God, reflects
the need for peace, the cry for bread,
creation's groan for second birth:
be fire that warms our weary earth!
Welcome, O light of peace, radiance of God's loving face.
Burn bright as our light, Jesus the Christ.

3. O ev'ning light that guides our lives,
renews our hope and heals our pain,
by you we know our flesh is graced,
that all are yours, and not disdained.
Welcome, O light of grace, radiance of God's loving face.
Burn bright as our light, Jesus the Christ.

4. O may your strong compassion blaze,
your freedom dance, your justice save.
O fire of love and giver of life,
your daughters and your sons sing praise.
Welcome, O light of life, radiance of God's loving face.
Burn bright as our light, Jesus the Christ, Jesus the Christ.
