

## Fire of Our Fire

***Refrain:***

**Fire of our fire, Light of our light,  
come and breathe within us,  
dispel the night.**

1. The poorest of the poor cry out to this land,  
hoping one day we will understand;  
they long to be free. *Refrain*
2. How long, O God, will you forget?  
Turn once again your face to us;  
we need your love. *Refrain*
3. Sorrow in our heart, the sleep of death.  
Will we stumble now? Answer, O God!  
Give light to our eyes. *Refrain*
4. Do not let our foe triumph over us.  
Let us sing to you, glorious your name;  
we trust Your help. *Refrain*
