

## **God of Love**

1. God of love and of mystery,  
as the day now fades into still of night,  
with simple hearts, filled with gratitude,  
we give thanks for the gift of each other.
2. Now in peace we close the day,  
and ask forgiveness when we fail  
to give ourselves in the spirit of  
your Son who lives among us.
3. Give us rest, renew our hearts  
to rise again with the dawn of day,  
to work for peace and let justice reign,  
giving birth to your kingdom among us.
4. Now our lives we entrust to you  
as a song of praise, giver of the night.  
Uphold us with your breath of love,  
the Spirit of Jesus, your mercy.
