

I Wait for God

Refrain:

**I wait for God with all my heart,
the presence of God shall set me free:
with eagerness for the dawn to come,
I long to let God's word take root in my life.**

1. Out of the depths of anguish and suffering,
I call to Yahweh that I may be set free;
for in the word of God, forgiveness is found:
new love is born. *Refrain*
2. I wait through the dark of night with its stillness I hope in you,
O my God, be here with me.
Like a captive who longs for freedom,
my heart thirsts for your love. *Refrain*
3. O people of earth, hope in the one
who is always there to be found; faithful love;
in this love we shall know a fullness of life:
God in our heart. *Refrain*
