

## Let the Humble of the Earth

**Refrain:**

**Let the humble of the earth gently sing praise:  
God's faithful love dwells deep within.**

1. Dying with Christ into a new life,  
sharing the truth that creates a new heart;  
dying to all that keeps our heart bound,  
giving our life so that others may live. **Refrain**
  
2. All that is hidden deep in our heart,  
all that our eyes cannot see,  
will be revealed to those who seek.  
Christ will be our cornerstone. **Refrain**
  
3. Our time is hard, our hearts know great loss,  
as our world cries out, "enough."  
Within this time and throughout our lives,  
visions of truth still remain. **Refrain**
  
4. Cast off the chains that bind up the heart.  
Cast off the doubts that encircle each day.  
Start on the way, each step can be peace.  
This is the day we can start anew. **Refrain**
  
5. No longer lost in paths of war.  
Fear will not have the last word.  
Alive in Christ, faithful our lives,  
filled with hope filled with light. **Final Refrain**

**Final Refrain:**

**Let the humble of the earth gently sing praise:  
God's faithful love dwells deep within.  
God's faithful love dwells deep within.**
