

Peace to You

1. Peace to you
 and every good that life can bring.
 Evening's song is calling us to wonder.
 The night has come and all is quiet now
 to end the day in listening....

2. Shadows fall
 and linger long 'till morning.
 In life's hands today becomes a memory.
 Look up and see the vast and endless sky:
 who knows how far and wide the stars intensely shine....

3. Calm again
 are hearts so weary from the day.
 Life gives peace
 and peace will bring the morning's song,
 and peace will bring the morning's song.
