come and be our song

you bring forth the love we choose to share. *Refrain*

in this love is Jesus now alive. *Refrain*
3. In our journey to a place of heart where you dwell,  
kindle flame to live the Gospel way. *Refrain*
4. Nurturing the gift of freedom born of God,  
with compassion you inspire our heart. *Refrain*
5. Far beyond the shadows of false security,  
lead us to be free for others' life. *Refrain*

in this lifting up of life you live. *Refrain*
